TASKI[®] Sprint Emerel Plus QS

Heavy-duty multi purpose cleaner in QuattroSelect[®]

Description

Strong multi purpose cleaner for the fast and effective cleaning of water resistant surfaces and non-coated floors.

Also available in fully recyclable mono-material pouch.

Key properties

- Due to special active substances it removes most stubborn soil and encrustations
- Gentle but efficient formulation
- Unique, patented Odour Neutralizing Technology (O.N.T.)

Benefits

- Ensures outstanding cleaning results on dirt crusts, nicotine films, ink, pen marks, pencil, lipstick, black heel marks, greasy food residue and other persistent soils
- Suitable for most water resistant surfaces and floors
- Leaves a pleasant fragrance

Use Instructions

The product can only be used through the Quattro Select dilution unit, which guarantees 100% cost control and safety. The Quattro Select unit dispenses high flow (bucket application) and low flow (spray application) dosages.

Surface Cleaning: Apply the cleaning solution with a cloth either from a bucket or via a trigger spray. For tough stains spray directly on surface, scrub if necessary to remove stubborn soil, rinse or replace the cloth regularly.

Floor Cleaning: Apply the cleaning solution to the floor using a mop and bucket. For heavily soiled areas scrub or mop for 5 minutes to allow a good contact with the floor. Rinse or replace the mop regularly.

Dosage*

Spray method: Fill the bottle from the low flow eductor. Attach the trigger head and shake bottle gently.

Recommended dosage 2%.

Bucket method: Fill the bucket using the high flow eductor through the filling gun. Recommended dosage: 0.4%.

Please refer to the Quattro Select unit installation manual for selecting the right dilution tip.

Proper dosage and temperature save costs and minimize environmental impacts.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*
