

SURE Machine Dishwash Rinse Aid

Liquid acidic rinse aid

Description

SURE Machine Dishwash Rinse Aid is part of a unique range of plant based, 100% biodegradable professional cleaning products for all daily cleaning needs. SURE Machine Dishwash Rinse Aid is a concentrated low foam machine rinse additive with scale control properties.

Key properties

SURE Machine Dishwash Rinse Aid is a concentrated acid rinse additive. It has been specially formulated for use in a wide range of ware washing machines. The product contains a blend of low foam surfactants for rapid and streak-free drying and for foam control in the dishwasher. It also contains scale control agents to keep the machine free from scale in medium hard and hard water conditions.

Benefits

- Ensures quick drying
- Gives streak and spot-free results
- Suitable for hard water due to scale control agents

Use instructions

SURE Machine Dishwash Rinse Aid is normally applied using Diversey automatic dosing equipment. It can also be used in conjunction with integral dosing pumps where these are fitted.

Dosage*

SURE Machine Dishwash Rinse Aid is normally injected automatically into the final rinse water of ware washing machines at a minimum recommended dosing of 0,1-0,3ml/l* using Diversey automatic dispensing equipment or integral dosing pumps, if fitted. It may also be applied manually into the rinse aid reservoir of smaller ware washing machines. Actual dosage will depend on site conditions (water hardness, degree of soiling, procedures).

Using the EU Ecolabelled product according to dosage instructions will contribute to the reduction of water pollution and waste production.

Maximum dosage according to EU Ecolabel criteria is 0,4ml/l.

Proper dosages and temperatures save costs and minimise the environmental impacts.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Technical data

Appearance: Clear colorless liquid
pH value (neat): 1,3
Relative density (20°C): 1,05

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

EU Ecolabel: SE/038/001

SURE Machine Dishwash Rinse Aid

Product compatibility

Under recommended conditions of use, SURE Machine Dishwash Rinse Aid is suitable for use on most materials commonly encountered in the kitchen. The neat product is corrosive towards brass and copper. Do not dose the product before the boiler and try to avoid the use of copper/copper alloy piping or use a stainless steel injection point.

Environmental information

SURE Machine Dishwash Rinse Aid was awarded the licence (SE/038/001) fulfilling the EU-Ecolabel criteria as an environmentally friendly product.

SURE Machine Dishwash Rinse Aid achieves Cradle to Cradle Certified Gold
