

Ekcos ekcoscreen

Description

Anti-splash urinal screen designed to prevent splashback; protecting the floor, reducing odor, and preventing the spread of bacteria throughout a facility. The best thing about having ekcoscreen in your urinals is giving your customers a dignified public bathroom experience for the first time ever.

Key properties

- Patented sealed bristle technology helps eliminate urine splashback
- Flexible plastic to conform to any size/shape urinal
- Infused with a proprietary resin that uses time released deodorant technology
- Variety of colorful urinal screens with complimentary fragrances
- VOC compliant and 100% recyclable plastic
- Lasts twice as long as other screens on the market. 60 days PLUS
- Versatile

Benefits

- Prevents urine splash which contributes to deterioration of floors and wall surroundings, and prevents clogging or blocking the drain
- Designed for heavily trafficked public restrooms, such as those found in hotels, convention centers, restaurants, and hospitals
- Up to 4x's more surface area than traditional screens for a longer powerful fragrance
- Emits a fresh/clean scent
- More days depending on traffic, ekcoscreen can last longer than 60 days depending on use.
- Compatible with Good Sense Breakdown (Bacteria-fortified odour eliminator cleaner) for the waterless urinals

Use instructions

ekcoscreen is ready to use. Use in watered and waterless urinals.

Dosage:

Application:

1. Remove old urinal screen from the urinal and recycle properly.
2. Remove any debris in the urinal.
3. Clean the urinal with a bowl or restroom cleaner.
4. Remove the urinal screen from its plastic packaging.
5. Place urinal screen in the center of the urinal with bristles facing upwards
