

Attack Plus

E9e

Heavy-duty solvent cleaner

Description

Heavy-duty, solvent based cleaner for the effective removal of mineral/synthetic oils, forklift tyre marks and tar. The product is an excellent degreaser specially suited in industrial environments and for damage cleaning (soot, tar etc.). Its formulation will also remove organic oil and fat in food areas.

Key properties

- Alkaline and solvenated formulation
- High emulsifying power
- Medium foaming, fast acting
- Versatile application

Benefits

- Quick and thorough removal of mineral oil and grease, old oil build-up and many synthetic soiling
- Maintains the loosened dirt in solution for easy removal
- Suitable for use in scrubber-driers
- Also suitable for wet mopping and single disc machines and manual use

Use instructions

Manual:

1. Dose the product into a bucket filled with water and apply the solution.
2. Allow to act and scrub, then remove the soiled solution.

Machine:

1. Dose the product into the full water tank of a single disc machine or a scrubber drier and apply the solution.
2. Allow to act briefly and scrub, then remove the soiled solution.

Use the indirect method for heavy soil: Scrub the floor without wet vacuuming, allow the solution to act 5-10 minutes, then scrub a second time and directly wet vacuum the soiled solution. Rinse the floor thoroughly.

Dosage*

Attack Plus needs to be diluted, either dosed manually or with a pump.

Bucket application: 1% (50ml for 5L bucket) max 5%

Machine application: 1% (100ml for 10L tank) max 2,5%

Proper dosage saves costs and minimizes environmental impact.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Technical data

Appearance: Clear, yellow liquid

pH value (neat): ≥ 11.5

Relative density (20°C): ≈ 1.01

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Attack Plus

E9e

Product compatibility

Do not use the solution on solvent-sensitive or alkali-sensitive surfaces. Test material compatibility before use. Use undiluted on tar, bitumen and tyre marks.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Available pack sizes

For manual dosing of 5L corresponding dispenser pumps are available.
