

Special Pur-Eco

L4

Liquid mechanical ware washing detergent for medium hard water

Description

Suma Special Pur-Eco L4 is a concentrated liquid mechanical ware washing detergent specially formulated to provide excellent soil removal in medium hard water conditions.

Key properties

Suma Special Pur-Eco L4 is a heavy duty alkaline liquid detergent which is suitable for use in a wide range of single and multi-tank ware washing machines. It contains a blend of caustic alkali and scale control agents, which will provide excellent soil removal. The high level of powerful scale control agents will furthermore prevent scaling in medium hard water conditions.

Benefits

- Quickly removes grease and dried-on food
- Highly concentrated formulation gives economy in use
- Prevents scaling of the dish wash machine in medium to hard water conditions

Use Instructions

Before first use rinse pump and transport tubes of the dosing system to avoid product crystallization caused by mixing with previously used products.

Dosage*

Suma Special Pur-Eco L4 is usually dosed with Diversey automatic dispensing equipment. It can however be used in conjunction with integral dosing pumps where these are fitted. To ensure perfect cleaning results in hard water conditions, dose at a concentration of 0.4-2.0ml/l*. At 2ml/l, this will prevent scale deposits in water containing up to 140 ppm CaCO₃, 7.87°dH, 14°FH.

Actual dosage will depend on site conditions (water hardness, degree of soiling, procedures).

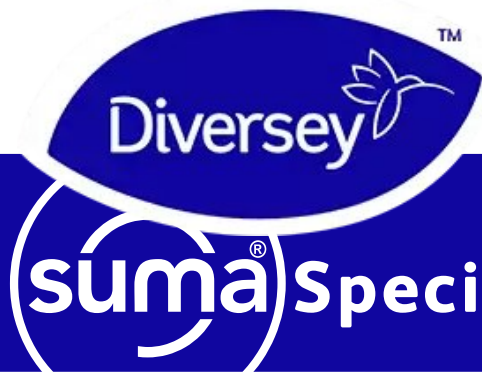

Proper dosages and temperature save costs and minimize the environmental impacts.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

EU Ecolabel: SE/038/001

Technical data

Appearance: Clear Light Yellow Liquid

pH value (neat): > 11

Relative density (g/cm³; 20°C): ≈ 1.27

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Under recommended conditions of use, Suma Special Pur-Eco L4 is suitable for use on most materials commonly encountered in the kitchen. However, do not use on alkali sensitive items such as copper, brass, aluminium or rubber.

Environmental information

Suma Special Pur-Eco L4 is awarded the licence (SE/038/001) fulfilling the EU-Ecolabel criteria as an environmentally friendly product.
